I'm an **inter-disciplinary product designer**, a creative strategist, and a working artist. I **craft experiences** and design systems and processes to work efficiently and effectively.

Collaborative Senior Product Designer with industry knowledge of the end-to-end product design process, interactive and visual design for web and mobile, multi-brand design systems and information architecture.

My top skills include expertise in Adobe CC, MS Office 365, prototyping (Adobe XD, Invision, Sketch, Figma), UX/UI design, strategy and research, design ops, and web flow development, for IOS and Windows environments.

## WORK EXPERIENCE

### LEAD UX DESIGNER, The Home Depot - *Contract*

10/2022 to present (Remote) Atlanta, GA

Coordinating with the Project Management Office PMs and business analysts to re-imagine the cybersecurity portfolio framework and design an efficient system for managing project lifecycles.

### SENIOR EXPERIENCE DESIGNER, AWS - *Contract*

11/2021 to 09/2022 (Remote) Seattle, WA

Collaborated with AWS cybersecurity stakeholders and customers to elevate end user experience, incorporating research, discovery, design, and implementation to create scalable product.

### SENIOR PRODUCT DESIGNER, ChemPoint - *Contract*

05/2021 to 11/2021 (Remote) Bellevue, WA

In an agile environment, evaluated user requirements, collaborated with business analysts, and designed user interface elements for an internal document management system.

### DIRECTOR, USER EXPERIENCE DESIGN, SmartHub.ai

10/2020 to 11/2021 (Remote) Seattle, WA

Planned, directed, and designed the End User Experience and guiding scalable end-to-end IoT solutions for remote workplace efficiency and security.

### CREATIVE DIRECTOR, Catface Entertainment

08/2019 to 07/2020 Bellevue, WA

Directed motion design and brand strategy in a studio setting. Managed a team of five production artists and collaborated with C-level to craft original short films.

### PRODUCT DESIGNER iLink Systems (DBA: Red Sky)

12/2015 to 08/2019 Seattle, WA

Worked the full spectrum of product design and developed creative services. Collaborated with an agile team to create prototypes and visual concepts for feasible web and mobile product.

For experience prior to 2015, please visit my LinkedIn profile.
